PUBLIC HEALTH ACT [CAP 234]

Public Health Control Measures
Order No. 103 of 2022

In exercise of the powers conferred on me by paragraph 113(af) of the Public Health Act [CAP 234], I, the Honourable **BRUNO LEIGNKON**, Minister of Health, make the following Order.

1 Public Health Control Measures

Due to the continuous global impact of COVID-19, the following Public Health Control Measures in relation to international travellers are made to control the impact of COVID-19:

(a) repatriation into Vanuatu is allowed for only citizens, residents, and special category visa holders; and

(b) a repatriation under paragraph (a) must comply with all of the following conditions:

(i) travellers must be fully vaccinated against COVID-19 prior to travelling to Vanuatu; and

(ii) travellers must have one of the following:

(A) a positive polymerase chain reaction test for COVID-19 or a positive rapid antigen test for COVID-19 between 8 days and two months prior to departure; or

(B) a negative polymerase chain reaction test for COVID-19 within 24 to 72 hours prior to departure; or

(C) a negative rapid antigen test for COVID-19 within 24 hours prior to departure; and

(iii) the travellers must obtain a travel approval from the Department of Public Health prior to travelling to Vanuatu.

3 Commencement

This Order commences on the day on which it is made.

Made at Port Vila this 16th **day of** June **, 2022.**
