Members' Handbook Initiative

The Parliament of Vanuatu, as ever before has had to engage in its empowering, capacity building and MPs familiarization efforts to equip the MPs well for a better output in their roles and functions at the parliament and in their respective constituencies.

With the assistance from the United Nations Development Program (UNDP) the funding by the government of Japan and the government of New Zealand, the Parliament of Vanuatu put together a Members' Handbook.

The handbook is a knowledge tool as explained in the link below:

PROMOTING INTER-PARLIAMENTARISM ACROSS THE PACIFIC

Speaker Stephen Dorrick FELIX MA'AU MALFES has had a courtesy visit from the Deputy Prime Minister of New Zealand Sir Winston PETERS with his delegation of MPs and at the same time committee members at the Parliament of Vanuatu in April of 2025.

The visit came under the framework of inter-parliamentary partnership enabling New Zealand and Vanuatu MPs to connect as Pacific parliamentarians.

There is a long-standing relationship between the two Parliaments, and New Zealand's support to parliamentary strengthening in Vanuatu has been considerable in the field of digital transformation and more..., and this was a great opportunity for Standing Committee chairs and inter-parliamentary representatives to meet their counterparts from the Vanuatu Parliament.
