“ Enhancing the knowledge ”

Teouma Valley Youth Group visit to the Parliament, a first time for the majority of them. Mostly young and students, their elders saw the importance of exposing them to the reality of what the governance stands for and how it comes about.

Welcomed and led to a house tour by the Clerk of the Parliament Mr. Maxime V. BANGA, the group was taken on an exploration tour, visiting different sections of the Parliament block, its offices and their roles; a knowledge enriching experience and a memorable one for many.

Many were so humbled by the overwhelming vibes they experienced while walking through each door until the final one leading into the Parliament chamber. Proud of their experience that was surely a day to remember.
